Tisdale's decision to refocus his musical energies to his own material comes at a time when he is enjoying the most success of his professional career in Atlanta's vibrant music community. Cooper Tisdale serves as electric guitarist for Brazilian/world-music Rua 6, bandleader-guitarist for the Cooper Tisdale Trio, and composer-bandleader-guitarist for the newly reformed Cooper Tisdale Group featuring David Savage, Joe Reda, Jason LeMarca, and Juan Bonini.

"The time is now", says Cooper, "it's been 18 months since the untimely death of my musical right-hand man, Kenny Walker. My life is rich with many new blessings, and I'm ready to move ahead with the new band while remembering my good friend. My musical ideas have been brewing and it's time to let them out. In addition to the new material, we will incorporate some of the tunes from the two previous records, but we'll deliver with a fresh perspective. There is always more edge to live music than with music manufactured in a studio. We hope you'll join us at Jake's."
